

SUMMER POP UP SESSION TYPES AND TIMETABLES

Please take some time to understand the different sessions to make sure you're booked in to something that's really suitable and fun. Different people have different needs.

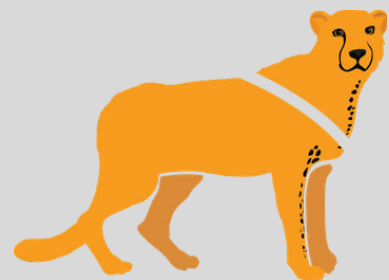

JUNGLE SESSION

For children and young people with any disability who enjoy a busier, more energetic environment. These sessions are open to a wide range of needs and provide the fullest capacity experience of Gympanzees.

BUTTERFLY SESSION

For children and young people with complex medical needs and non-mobile children and young people who may require hoisting. These sessions are designed to provide a calmer environment that meets the needs of children and young people with physical and/or medical needs, and their siblings.

LEOPARD SESSION

For neurodiverse children and young people with sensory needs who enjoy a moderately busy environment. These sessions are designed for children who may benefit from a balance of activity and space while enjoying all that Gympanzees has to offer.

GORILLA SESSION

For loud, physical children and young people who prefer their own space and may find busy environments challenging. These sessions are designed to provide a more spacious environment for children who enjoy movement, noise and active play.

IF YOU'RE UNSURE AND YOU WANT TO DISCUSS IT WITH US, PLEASE CONTACT US, OR VISIT:
